

Hot Boi 666, African Jesus

(Verse 1)

I saw an African Jesus one day
I said to myself he must be gay
but it turns out the nigga was straight
and it turns he wanted play
I told him, you a crack addict bastard nig
he said fuck you, he said fuck you
I said to that bitch, you better...

(chorus)

watch your fucking mouth
watch your fucking mouth
you aint nothing but a black bastard
shut your ass up, before I cause a hazzard
this is a disaster, you dont flatter
what's the matter, Marshall Mathers

(verse 2)

I'm not a racist man, but sometimes I am
because blacks are not worthy, of living in this earth
I believe in Black Jesus, the blackness, my god
Oh my God, OHHHH my God, OH MY GOD
when the nigga said stop calling me God
I replied to him Oh my God
Black Jesus...
Jesus

(chorus)

(verse 3)

I dont really care, about anything
All I wanna do, is believe
There's a Black Jesus, an African Jesus
There's a Mexican Jesus, and a Chinese Jesus
and a Arabic Jesus, and a white Jesus
oh my god, oh my god, oh my god
If there's a Jesus, then oh my god

(outro)

Hot Boi 666 is my god fucking damn name
Jesus
