Hot Chocolate, It Started With A Kiss

SO YOU WIN AGAIN Hot Chocolate Just to admit one mistake That can be hard to take I know we've made them fall But only fools come back for more Being the fool I am I figured in all your plans, darling Your perfumed letters didn't say That you'd be leaving any day So you win again, you win again Here I stand again, the loser And just for fun you took my love and run, But love had just begun I can't refuse her But now I know that I'm the fool Who won your love to lose it all When you come back, you win again And I'm not proud to say I let love slip away Now I'm the one who's crying I'm a fool there's no denying When will my heartache end? Will my whole life depend on fading memories You took the game this time with ease (repeat chorus)
