

# Hot Hot Heat, Let Me In

Woke up on smoke and flames  
Eye to eye with a stranger  
5000 photographs - saw them burnt up in anger

Am I asleep still?  
Tell Me I could have been  
Don't let it tear us apart again limb from limb  
Please let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm begging baby

Let me in  
Baby just let me in  
I'm begging at your door  
Just let me in  
Just let me in

I drank the wine of youth  
Ended up in a coma  
Your wicked silver tongue  
No wonder nobody told you

That I'm awake now  
First time I've ever been  
Able to see what I should have been way back when  
You let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm begging baby

Let me in  
Baby just let me in  
I'm begging at your door  
Just let me in  
Just let me in

This white flag waving just won't end up saving us  
This is farewell unless somehow you let me in

But I don't want to look at you this way  
I'm staring through your window  
I don't want to think of you this way  
I'm screaming baby

Let me in  
Baby just let me in  
I'm screaming at your door  
Just let me in  
Just let me in

This white flag waving just won't end up saving us  
This is farewell unless somehow you let me in
