

Hot Rod Circuit, Flight 89 (North American)

It's been a long time
since I've been
Flight 89 North American

and it feels like the ocean's caving in
can't wait to get back on the ground again

you gave up
and they sucked you in

and I scream out
my problems are behind me
and I just can't find the words to say
that I'm leaving

it's been a long time
since I've been
Flight 89 North American
and it feels like the ocean's caving in

what a fine time it has been
waiting by the coastline
for my ship to come in
you only get what you put in
can't wait to get back on the ground again

You gave up
and they sucked you in

and I scream out
my problems are behind me
and I just can't find the words to say
that I'm leaving

and it feels like burdens are too heavy
and I just can't find the words to say
that I'm leaving

and I scream out
my problems are behind me
and I just can't find the words to say
that I'm leaving

and it feels like the burdens are too heavy
and I just can't find the words to say
that I'm leaving
