

Hot Rod Circuit, Hi-Tech Lip Gloss

Where was I when he wiped the lip-gloss from his chin
I know exactly where you've been
It's bearing on my weakened mind
And when and where did you decide to suck the imagery out of life
I know exactly what's gone down
It's never going to last forever
I gave my breath to you
It's in everything we do
Well I know that I've done wrong
But it doesn't mean that there's no love in this in this broken heart of mine
You take one last breath this time when you cross that line
Why should you carry all the weight
