

# Hot Rod Circuit, Let's Go Home

every breath that i take is forgotten  
and i hold on as tight as i can  
and there's something about this tension  
where this argument stands.

everytime that i think that it's over  
brings us closer than ever before.  
i don't even know why we're fighting.  
yes it's true, i adore you.

and i can honestly say for the first time  
that i'm not alone and you're all mine  
so just drop it  
and let's go back home.

and i can honestly say for the first time  
that i'm not alone and you're all mine  
so just drop it  
and let's make out.

last night i tried to tell you how  
i really felt  
but did you listen to a word i said?  
i can't sleep  
i can't eat  
i can't think about anything.
