

# Hot Rod Circuit, Two Hand Touch

focus why can't you just focus  
focus all your time one thing at a time  
question you answer me with questions  
you answer me with lies one line at a time

running away  
what's so funny this time (you run away)  
what do you care if we're having a good time (its a two hand touch)

attention  
i need your attention  
although you never mention  
you haven't any time  
breaking  
i'm feeling the resistance the complications start the breaking  
of my heart full contact two hand touch  
as i pull you to the ground again.
