

Hot Soda Apparatus, I Like Boobies

I like boobies.
Why can't I reach your boobies?
Where are those boobies
the ones that I adore?
Far away from here reside
those boobies for which I long.

Hooters
Knockers
Titties
Gazoongas
Mounds
Tig ol' Bitties
Those massive mammaries,
I just can't get enough.

I believe in reincarnation.
My next life will be more pleasurable
for I will soon be
a wonderbra.
Holding
Caressing
Supporting your boobies.
Wear me often
I make you sexy.

Headlights
Beacons
Those giant fleshy pillows
Milk containers
Cleavage
Bust
I just need more and more.

I like boobies
I need them
They keep me company
