i wait and sleep for something better to come up  
tomorrow i wait alonetomorrow i wait alone  
for the calling of my fate if it wakes me up  
its what breaks me  
turns my face to red  
when it comes to me tomorrow if it passes me  
so i scream outrun hide away ill sleep another day  
ill wait alone hes got easy days he rocks his chair  
im at home so who'll run away
