## Hothouse Flowers, Used To Call It Love

you can lean on me anytime you can take my hand, I don't mind never ever worry, yeah, it mightn't ever happen on the darkest night, come to me when you're feeling alone, let it be we won't let it win, yeah, it mightn't ever happen you can love me now you can love me now you can love me now, I'm feeling something real you can love me now You can love me now take take take take take me when I look in your eyes I can see there is nowhere I would rather be these are old wounds baby, yeah, it might just happen it might just happen, it might just happen it might just happen you can love me now......
