

Houk, Natural Way

music - D. Malejonek/R .Sadowski

lyrics - D. Malejonek

What do you do about education

About history

What do you do about segregation

About you and me

What do you do about dying Earth

About ecology

What do you do about poor and needy

About economy

chorus: Natural way natural way now

Natural way natural way

What do you think when you make money

On the wars you've started

What will you say to the dying children

Can you look at their eyes

What will you say on the Judgment Day

You will run and never hide

What will you say on the Judgment Day

You better change your mind

chorus: Natural way natural way now

Natural way natural way

We never never do what you want us to do - no!

We never never be what you want us to be - no!

We never never say what you want us to say - no!

We never never live like you want us to live - no!

Not your money not your gold

What you need is in your soul

There is one above my love

There is one who care...
