music - D. Malejonek/R. Sadowski

lyrics - D. Malejonek

Time of starvation but I'll must live on

Hallucination - but I got to see what's real

chorus: My God is here my God is

My God is everywhere

My God is here my God is

But I'm not afraid of death

The axe is ready in the root of the tree now

The tree's so big but it's gonna fall down

chorus: My God is here my God is

My God is everywhere

My God is here my God is

But I'm not afraid of death
