

# Hound Dog Taylor, Wild About You Baby

(Elmore James)

Yes I'm wild about you woman  
But you don't treat me right  
Yes I'm wild about you baby  
But you just treat me right  
Well you leave home in the moring  
And you won't come home tonight

I'm gonna find me somebody  
I'll tell ya what I'm gonna do  
I'm gonna find me somebody  
I'll tell ya what I'm gonna do

Well if things don't change  
I'm gonna get rid of you, oh yeah!

Well I'm leaving in the moring  
And I really don't want to go  
Yes, I'm leaving in the moring  
And I really don't want to go  
Well you got somebody  
And you don't want me no more

Ain't that a pitty  
Oh ain't that a crying shame  
Ain't that a pitty  
Oh ain't that a crying shame  
Well the woman I love  
She's in love with another man
