

Hours Eastly, In My Bones

In the middle of the night
Like a match head
Burning bright
I can feel you I
Know you're there
In the middle of the night
Feel the tension
Turn me tight
I can feel you I
Know you're there
And I know you're there
Well I know you're there
I know you're there

Turn around, now my
Exclamations bend and cry
All they ask is why
I cant explain
Culminate my crime
Perpetrations, sins and vice
I cannot describe
It calls my name

Simply put the only reason
Im coming home
Is the feel of your sweet treason
In my bones
You're in my bones

In the middle of the night
Like a match head
Burning bright
I can feel you I
Know you're there
In the middle of the night
Feel the tension
Turn me tight
I can feel you I
Know you're there
And I know you're there
Well I know you're there
I know you're there
In my bones
You're in my bones

I will sleep when my
Retaliation ends your life
Men have paid the price
For my disdain
In the middle of the night
In the end it's the end and I
And if I don't survive
At least I came

Simply put the only reason
Im coming home
Is the feel of your sweet treason
In my bones
You're in my bones
