

# House Of Death, DRC

Hey hey!  
I was howling at the moonlight  
Wild and hungry like feral animal  
Closer, closer and you are paralyzed  
(Her eyes set on you, her eyes set on you)

Shaking, shaking  
Going under  
Smoke rising on the red lights  
Amplifier overdosing  
(Ringing in your head, Imprinted in you brain)

Just when you feel  
the world is dragging you down  
(Yeah you feel the world is dragging you down)  
Is when you feel your friends keep dragging you down  
(They keep dragging you, d, d, dragging you)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
Reading between the lines  
(Girl your drug's a roller coaster)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
I've finally seen the light  
(Girl your drug's a roller coaster)

Shaking, shaking  
Going under  
Smoke rising on the red lights  
Amplifier overdosing  
(Ringing in your head, Imprinted in you brain)

Just when you feel  
the world is dragging you down  
(Yeah you feel the world is dragging you down)  
Is when you feel your friends keep dragging you down  
(They keep dragging you, d-drag, dragging you)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
Reading between the lines  
(Girl your drug's a roller coaster)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
I've finally seen the light  
(Girl your drug's a roller coaster)

On with the show, on with the show  
We ain't got nowhere else to go

Head's spinning round, head's spinning round  
It ain't my first, it ain't my last ride

Just when you feel  
the world is dragging you down  
(Yeah you feel the world is dragging you down)  
Is when you feel your friends keep dragging you down  
(They keep dragging you, d-drag dragging you)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
Reading between the lines  
(Girl your drug's a roller coaster)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
I've finally seen the light  
(Girl your drug's a roller coaster)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
Reading between the lines  
(Girl your drug's a roller coaster)

Don't really care  
If I am dead or alive  
(I ain't coming down)

Between your legs  
I've finally seen the light  
(Girl your drug's a roller coaster)
