

# House Of Krazees, Hallow's Eve

All Hallows Eve just another phrase for devils night  
Mass murderin bitches by the street light  
Everybody think the candies to be recieved  
Little do they know its the night of the witches eve  
Open his book turnin the pages of his bloody script  
Hang me strangle me but dont bullshit  
The time has come for the house to now prepare  
To give this whole muther f\*\*ker a bloody scare  
Spinnin the bloody battle axe wake the dead  
Let em know the eve is comin naw instead  
Ive misred the tombstones my transport  
Searchin for lifes questions f\*\*k the answers  
No escape no chance to leave  
Caught in hell break loose on Hallows Eve  
Somebody tell em i lost my f\*\*kin mind theres nowhere to go  
A Different style a different place a different niggero  
Ill take the double barrel pumpkin gun step back and pump one  
Right into your muther f\*\*kin well BOOM  
All Hallows Eve in the trees let me tear loose  
Maximum overdrive the day before the noose  
Its halloween hear the screams and the dreams of my pumpkin heads  
Check the thieves up in my arms spread  
Walk the streets im the freak you fools read about  
The 29th and the 30th im comin out  
You never know how much i can let it go  
Chop swing cut off my head another day bro  
All Hallows eve cuttin cheese cuttin throats  
I cant cope and muther f\*\*kers feel the night smoke  
As it creeps i cant sleep i step no i digress  
Because i breath on the breeze on Hallows Eve  
What the f\*\*k all Hallows Eve i hear the dead ghosts callin my name  
Tellin me to play the game  
Hide and shriek with my mind  
If i hang run into the field im trying to find  
In the pumpkin searchin for my brain  
Lost my mind so i guess now im insane  
But am i innsannnnne no  
Never been sannnne so  
I got to kill when i kill what i see  
Green Pumpkins floatin through the f\*\*kin streets  
On the outskirts hear the screams and crys  
Devils are laughin now its time to die  
Hold my head and hope that its all a joke  
I find my mind in the midst of the ghastly smoke
