

House Of Krazees, Nosferatu

(Mr. Bones)

I watch your body sway
I got the teeth as sharp as ginsu's
My species is Nosferatu
I got one eye it's red like R2-D2
I spot you
Release my wings through downward sky
Landing in the park to make the pigeons fly
I don't know why, but some of the times
I feel my status is a curse
I live immortal life
Condemned to roam the Earth
For what it's worth
My birthday I turn a-thousand-twenty-six
Stood before the sun to evade an eclipse
Press your lips to your fingertips
Don't say a word
Look into my-eyes see no desire goes unheard
Got to feed every 24 hours
To keep my powers
As I sit atop the gothic towers
Watching cataclysmic showers
Blood is sour
Bitter sweet, thick and bland
And when it dries it turns brown beneath the fingers on my hand
My shadow's dense
I scale the cyclone fence
Shadows in the moonlight make me feel so intense
Ah
Lash my teeth
Deep into your vein
Draining your existence until your body's slain
So call it deranged
Its insane
But I got you
Left two teeth marks in your neck
That's the sign of Nosferatu

(Chorus) x2

Nosferatu is more than a vampire
Shocking my victims just like a live wire
Your body falls to the ground in the screams of terror
Time to call the pallbearer
Can you compare uh nah!

(R.O.C.)

The unnatural grave digging spine chilling
One-thousand sections of night
Taking sight from tour pipes
You look up and I strike
This is your invite to come into the R.O.C.'s mind
Bloodlines connect with the chimes when the sun blinds
Deeper than dirt
I slither like snakes
But human skin blends like chameleons
Yall look again
Cuz sometimes when you see you don't
Jumps through your head you wont
Wanna see me in this state
I haunt
Like houses
Cutting off crouches
So suckas drawn down with your ass
Cuz I'm Nosferatu bitch
Loaded cock
Teeth as sharp as a glock

Penetrate the neck
Blood flows non-stop
If anyone from any if it's mine no
If it's my show
What's a no show?
Who cares? Ho!
Yes I'm the loony in the house bashing
Head smashing
We's the fashion
That yall want to sport
So don't play the end of the horse
Cuz I got the shovel
Put it your ass
so remember who's the boss
T-H to the E
The R-O to the C
Nosferatu lives within me
So yall beeze. dead!
(Chorus) x2
Nosferatu is more then a vampire
Shocking my victims just like a live wire
Your body falls to the ground in the screams of terror
Time to call the pallbearer
Can you compare uh nah!
(Hektic)
Darkness
Its time to wreck shit
People dont 'spect it
Bram Stoker's Dracula
Cant fuck with Hektic
Inject it
I keep them jugular veins pumping
Making your body sway
I sit back meditate
Sipping on DNA
Plasmic
My style is phantasmagoric
Roaming round like a vagabond
Creeping through forest
Nobody notice
I'm inside when you invite me
You wanna slice me
Well bring it on somebody try me
Panic's on
Freezing you up
Scared as fuck
Sacrificially
I will induct
Seek and you shall find
Is what my origin believes
Until you bleed
My hunger thirsts just like a seed
Feed my soul
Look to roll
I'm outta sight
Nosferatu on a stroll
Creeping at night.
(Chorus) x2
Nosferatu is more then a vampire
Shocking my victims just like a live wire
Your body falls to the ground in the screams of terror
Time to call the pallbearer
Can you compare uh nah!
