

# Houwitser, Vile Amputation

Vile amputation  
Surgical disaster  
Reality macabre  
Tools of disease  
Sick pleasure  
They amputate brutally  
Wires are used to saw through the flesh  
Splintered bones can be seen  
Tearing muscles easily  
Slice with infected knives  
Make incisions blind  
Dehumanize  
Victim lies asleep  
Awakes in agony  
Lunacy  
[verse 3]  
[verse 4 + 5]  
[verse 4 + 5]  
[verse 1, 2 + 3]  
[verse 4 + 5]  
Inbreeding creates those endless fools  
To please christ
