

Howard Jones, For You, See Me

For you see me
For you see me
For you hear me
For you hear me
For you touch me
For you touch me
For you feel me
For you feel me

For you see me
For you see me
For you hear me
For you hear me
For you touch me
For you touch me
For you feel me
For you feel me

For you see me

Everything reflected
The eye can see
The you connected to me

For you see me
Celebrate one more day of this life and our eternity
For you see me
Celebrate one more day of this life and our eternity
For you see me
Celebrate one more day of this life and our eternity
For you see me
Celebrate one more day of this life and our eternity

The you connected to me
