

Howard Jones, Oceans Of Love

A broken man
Living in the shade of failure
A frightened girl
Fear is drowning better nature

Take this empty cup
Fill it with your love
Pass it round the world
For a lifetime
Change a darkened heart
Light it with your life
Fill this empty cup
With oceans of love

A jealous boy
Learns to hate his own affection
An angry girl
See's the fight in her reflection

Take this empty cup...
