

# Howlin' Wolf, Shake For Me

Sure look good, but it don't mean a thing to me  
Sure look good, but it don't mean a thing to me  
I got a hip-shaking woman, shake like a willow tree  
You better wait baby, you got back a little too late  
You better wait baby, you got back a little too late  
I got a cool-shaking baby, shake like jello on a plate  
When my baby walk, you know she's fine and mellow  
When my baby walk, you know she's fine and mellow  
Every time she stops, her flesh it shake like jello  
Oh, shake it baby, shake it for me  
Oh, shake lil' baby, shake it for me  
Oh, shake it little baby, shake like a willow tree
