

Howlin' Wolf, Who Will Be Next

Who will you hurt next, how will you start
Who'd be the next one, baby you tear apart
Blessed be your heart, cursed be your name
Blessed be your heart, cursed be your name
Who'd be the next one darlin', that you'd put to shame?
Will it be the one, give you his gold
Or will it be the young one, take all you hope
Babe I'll forget my pride, just to keep you by my side
Cheat if you want to darlin', treat me unkind
Cheat if you want to darlin', treat me unkind
Come back and love me, when you can find a little time
