

# Hozier, Fare Well

I, I wouldn't fare well  
And I, I couldn't fare well  
Hedgehog-under-a-van-wheel kind of wouldn't fare well  
Out here trying to feel good again

And I, I wouldn't fare well  
A kitten-cosy-in-the-engine type of wouldn't fare well  
Dog-deep-into-the-chocolate kind of wouldn't fare well  
Out here trying to feel good again

I'll take any high  
Any glazing of the eyes  
Any solitary pleasure that was sorrow in disguise  
Let the sun only shine on me through a falling sky  
I'll be alright

Joy, disaster, come unbound here  
I'll deny me none while I'm allowed  
With all things above the ground

And I, I wouldn't fare well  
A whale-swimming-up-Sumida-Gawa wouldn't fare well  
Critic-hoping-to-be-remembered wouldn't fare well  
Out here trying to feel good again

I'll take any high  
Any glazing of the eyes  
Any solitary pleasure that was sorrow in disguise  
Let the sun only shine on me through a falling sky  
I'll be alright

Joy, disaster, come unbound here  
I'll deny me none while I'm allowed  
With all things above the ground
