

Huey Lewis & The News, Attitude

I don't need no money
'cause I've got attitude
enough to show you a good time, honey
And that's what I'm about to do
You found your diamond in the rough, baby
and I'm about to tell you why

Chorus

'Cause I got everything
that attitude can buy
I can get you anything
that attitude can buy

Cruisin' down the avenue
Stylin' in my new suit
foot on the accelerator
see you later
I got everything
that attitude can buy

Cut in lines at the night clubs
all the doormen let me slide
I get the very best table by the bandstand
They play my favorite songs as soon as I arrive
Treat all the ladies like ladies
they know I'm an up-and-up guy

Chorus

Rappin' to the young men
it's kinda hard to understand
got a pair of alligators
see you later
I got everything
that attitude can buy....horns

I got everything that attitude can buy
I can get you anything that attitude can buy
Talkin' on my car phone
send and send till you get home
meet me in the elevator
see you later

Chorus
