

Huey Lewis & The News, Hearts

It's not too pretty, it's such a shame
These things always end the same
You don't deserve just what you'll get
But you ain't learnt your lesson yet

So what if he, said I love you
So what if he, thought he'd be true, well

(Chorus)
Love, is whispered token, and
Hearts, were meant to be broken

City girl it's always this way
Romeo leaves with nothing to say
So what about you and your surprise
Come on babe and dry your eyes

When will you see that he was fool
When will you see he followed the rules, that

(Repeat Chorus)

You know that

(Repeat Chorus)
