Huey Lewis & The News, Hearts

It's not too pretty, it's such a shame These things always end the same You don't deserve just what you'll get But you ain't learnt your lesson yet

So what if he, said I love you So what if he, thought he'd be true, well

(Chorus) Love, is whispered token, and Hearts, were meant to be broken

City girl it's always this way Romeo leaves with nothing to say So what about you and your surprise Come on babe and dry your eyes

When will you see that he was fool When will you see he followed the rules, that

(Repeat Chorus)

You know that

(Repeat Chorus)
