Perfect World

Huey Lewis & The News

(Alex Call)

Everybody's dreamin' 'bout a perfect world  
Where you could have everything your heart desires  
A perfect boy will meet a perfect girl  
And their perfect love will set the world on fire  
Well what you gonna do, when one and one makes three  
And a vision of the future is impossible to see  
Nobody's perfect, not even a perfect fool,  
But if you'll have faith in me  
I'll keep the faith with you  
Ain't no livin' in a perfect world  
There ain't no perfect world anyway  
Ain't no livin' in a perfect world  
But we'll keep on dreamin' of livin' in a perfect world  
Keep on dreamin' of livin' in a perfect world  
Everybody's got secrets, now you know that it's true  
They talk about me and they'll talk about you  
Something happens to the pledges of trust  
Down through the years they begin to rust  
Now here we are amid the tears and the laughter  
Still waiting for our happily ever after  
We'll keep on dreamin' as long as we can  
Try to remember and you'll understand  
Ain't no livin' in a perfect world  
There ain't no perfect world anyway  
Ain't no livin' in a perfect world  
But we'll keep on dreamin' of livin' in a perfect world  
Keep on dreamin' of livin' in a perfect world
