

Huey Lewis & The News, Naturally

All the birds have been blue
They don't know what to do
Ever since you said goodbye to me
And the flowers in their gloom, have just refused to bloom
Cause we all want you back, you see mmm, naturally

All the birds have been blue
They don't know what to do
Ever since you said goodbye to me
And the flowers in their gloom, have just refused to bloom
Cause we all want you back, you see
And even mister moon
Is left without a tune
And his shadow's lost the harmony
So don't waste any time
Come back and change your mind
Everything will work out
Naturally
You know that love is a struggle
And only the strong survive
So it's up to me and you
To do what we've got to do
To keep our love alive
And now bees have been gone
And they know that something's wrong
Because they don't feel like buzzing at all
And the stars up in the sky, all they do it cry
And that's why the rain must fall
And the early morning sun
He knows that you're the one
And we both miss your company

So don't waste any time
Come back and change your mind
You know that love is a struggle
And only the strong survive
So it's up to me and you
To do what we've got to do
To keep our love alive

So don't waste any time
Come back and change your mind
We'll be singing harmonies
With the birds and bees
If only you'll be mine
Things will work out fine,
