

# Huey Lewis & The News, Some Of My Lies Are True

Say you wanna be a friend of mine  
See me all the time  
You don't care what I do  
But it all sounds the same to me

Hey, can't you see  
It's just like I told you

I know you think that I've  
Been stringing you along  
And that I've told you a few, but

(Chorus)  
Sooner or later when you say I love you  
You're gonna realize that  
Some of my lies are true

I never told you that I was the one  
Said it just for fun  
You know, you knew it too  
So why so much on the telephone  
I'm never home

It's just like I told you

Because it's real the way you used to make me feel  
It makes it so hard to say  
But nothing can change the way I feel today  
Don't you see that

Sooner or later when you say I love you  
Your gonna  
Realize that some of my lies are true

(Repeat chorus x 2)

Because it's real the way you used to make me feel  
It makes it so hard to say but  
Nothing can change the way I feel today  
Don't you see that

(Repeat chorus x 3)
