

Huey Lewis & The News, Some Of My Lies Are True

Say you wanna be a friend of mine
See me all the time
You don't care what I do
But it all sounds the same to me

Hey, can't you see
It's just like I told you

I know you think that I've
Been stringing you along
And that I've told you a few, but

(Chorus)
Sooner or later when you say I love you
You're gonna realize that
Some of my lies are true

I never told you that I was the one
Said it just for fun
You know, you knew it too
So why so much on the telephone
I'm never home

It's just like I told you

Because it's real the way you used to make me feel
It makes it so hard to say
But nothing can change the way I feel today
Don't you see that

Sooner or later when you say I love you
You're gonna
Realize that some of my lies are true

(Repeat chorus x 2)

Because it's real the way you used to make me feel
It makes it so hard to say but
Nothing can change the way I feel today
Don't you see that

(Repeat chorus x 3)
