

Hugh X. Lewis, Don't Do It Darlin'

If you worry over me like I worried over you don't do it darlin' don't do it darlin'
(If you think I'm missin' you and I'm missin' kissin' you)
Don't do it darlin' don't do it darlin'
I gave you all the love I've had and trusted it with you
You took my heart and played with it and then you proved untrue
Now that you are all alone and you feel the need to phone
Don't do it darlin' don't do it darlin'
(piano - steel)
(I gave you all the love...)
Don't do it darlin' don't do it darlin'
