

# Hugh X. Lewis, She's Gone Gone Gone

She said if I ever deceived her she'd be gone before I could count ten  
I guess that I didn't believe her cause look at the trouble I'm in  
She's gone gone gone and crying won't bring her back  
The more that I cry the faster than train flies further on down the track

[ guitar ]

I've lost every right to be happy when I lost the heaven I found  
She warned me she'd leave me and she left me before my first tear hit the ground  
She's gone gone gone...

[ guitar ]

If I only knew where to find her I'd crawl there on my hands and knees  
Each tick of the clock's a reminder she's one second further from me  
She's gone gone gone...
