

Hugh X. Lewis, Talk Me Out Of It

Please please please please please talk me out of it
My heart tells me to go on and believe you
My mind tells me it's best we call it quits
But one thing I must ask before I leave you
Please please please please please talk me out of it
Please talk me back out of my senses
I can't stand the bitter truth and it's consequences
I was better off when I believed your lies
The truth is telling me I must admit
I know that I should walk right out since I got wise
But please please please please please talk me out of it
Please please please please please talk me out of it
I won't believe the thing I hear about you
Makes no difference if it's true I can't live without you
I can't make up my mind to go or stay some folks say I'm ready to commit
I know the thing to do is walk away
But please please please please please talk me out of it
Please please please please please talk me out of it
