

Hugh X. Lewis, Wish Me A Rainbow

(Wish me a rainbow and wish me the stars) all this you can give me wherever you are
And dreams for my pillow and stars for my eyes
And the masquerade ball where our love wins first prize
(Wish me red roses and yellow baloon) and caress us whirling to gay dancing tunes
I want all these treasures the most you can give so wish me rainbow as long as I live
All my tomorrows depend on your love so wish me a rainbow above
[strings]
All my tomorrows depend on your love so wish me a rainbow above
