

Human Nature, Be There With You

I never cared for simple words of tenderness
I never thought my life could be as sweet as this
But now I know
I want to spend it all with you, baby
I drive my car
And think about you constantly
I lie awake
And I want to feel you next to me
What can I do?
My life's only complete with you, baby

You are the one I treasure
A part of me forever

And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you
Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you

You're like the sun that brightens up the darkest skies
The only one I'm seeing when I close my eyes
Oh can't you see, you'll never be alone again, baby
Don't you know

You are the one I treasure
A part of me forever

And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you
Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you

You're like the sunshine I've waited to see
A beautiful moment always with me
I've waited a lifetime only to be, be with you

And I'll be there with you
Whatever you do
With all of my heart I promise you
I'll be there with you
Just know that it's true
With all of my heart I'm there for you
Wherever you go I'll be there
Whatever we're up against
Just know that I'll be there with you
