

Human Nature, Can I Do You?

Movin' right along to another scene
I saw you on the way
I thought I'd seen your pretty face before
And I wanted you to say
But you went walkin' on
And what was I meant to do
I couldn't let a chance like this go by
I had to ask you baby, baby

CHORUS

Can I do you? (I just had to ask you baby)
Can I do you? (do you, baby, do you, baby)
Can I do you? (I just had to ask you girl)
'Cause all I wanna do
Is do, do, do, do you

I know it seemed a little premature
But I wanted you to see
That right from the moment I met you, girl
You were doin' things to me
I thought I'd be losin' you
So what was I meant to do
Oh I couldn't let a girl like you go by
I had to ask you baby. baby

CHORUS

There's something I wanted to tell you
There's something I wanted to say
The moment I saw you standin' there
I knew that nobody could compare
And then you looked my way- held me right there
And I wanted to say
All I wanna do All I wanna do
All I wanna do
Is do, do, do, do
Do, do, do, do you

CHORUS

(Baby I wanna do it to you I wanna do it to you)
