

# Human Nature, Meant To Be

And when I met you  
I looked into your eyes  
And when I saw myself  
I started to cry  
You held me  
I'll do anything you tell me

[chorus]  
Cause you and I are meant to be  
I feel it when we touch  
You're the first one who  
Could love me so much  
You find a wall and break it down  
You uncover a lie, the truth is found  
You're good for me  
It's meant to be - oh yeah

And when I kiss you  
I always close my eyes  
It feels so incredible  
Like your blood flows through mine  
We are one  
Your smile's so warm and bright  
like the sun

[chorus]

It's a miracle, It's a miracle  
It's a miracle oh yeah

[chorus]
