

# Human Nature, Seven Lonely Days

I wanna be just where you wanna be  
I wanna be just where you wanna be  
Seven lonely nights  
Seven lonely days  
I been thinking 'bout you girl  
In just as many ways

Running out of money  
Running out of time  
Feeling kind of empty  
Like a cheap valantine

Now I'm used to everything I want  
But now I will give you everything you need

Baby I been thinking about you  
Seven lonely days are on my mind  
Baby I really miss you  
I really miss your touch  
I wanna be just where you wanna be  
I wanna be just where you wanna be  
Baby I really miss you  
I really miss your touch

Rum and cola nights  
Melancholy days  
Stare at my reflection and the error of my ways

Now all the kings horses  
And all of his men  
Couldn't put me back together again

Now I know you're everything I want  
And now I wanna give you everything you need

Baby I been thinking about you  
Seven lonely days are on my mind  
Baby I really miss you  
I really miss your touch  
I wanna be just where you wanna be  
I wanna be just where you wanna be  
Baby I really miss you  
I really miss your touch

Seven lonely days and lonely nights  
I been missing you  
I just want my baby by my side  
Do you miss me too?  
It doesn't take a weaker man  
To need someone to hold his hand  
And to miss your touch

I  
Want to be where you  
Want to be I do  
Want to be where you  
Want to be

Baby I been thinking about you  
Seven lonely days are on my mind  
Baby I really miss you  
I really miss your touch  
I wanna be just where you wanna be  
I wanna be just where you wanna be

Baby I really miss you  
I really miss your touch
