

Human Nature, Sign Your Name

(Originally performed by Terance Trent D'Arby)

Fortunately you
Have got someone who relies on you
We started out as friends
But the thought of you just caves me in
The symptoms are so deep
It is much to late to turn away
We started out as friends

Sign your name across my heart
I want you to be my baby
Sign your name across my heart
I want you to be my lady

(Oh, Mmmm)
Time I'm sure will bring
Disappointments in so many things
It seems to be the way
When you're gambling cards of love you play (?)
I'd rather be in hell with you baby
Than in cruel heaven
It seems to be the way

Sign your name across my heart
I want you to be my baby
Sign your name across my heart
I want you to be my lady

(Oh, Mmmm)
Birds never look into the sun before the day is done
All the light shines brighter on a peaceful day
The stranger bluely was alone we don't want to deal with you
Should've stayed showering in the room that makes the rain

All alone with you
Makes the butterflies in me arise
Slowly we make love
And the Earth rotates to our dictate
Slowly we make love

Sign your name
Sign your name across my heart
Sign your name
Sign your name across my heart
I want you to be my baby
Sign your name across my heart
I want you to be my lady

Sign your name across my heart
I want you to be my baby
Sign your name across my heart
I want you to be my lady

Sign your name across my heart
I want you to be my baby
Sign your name across my heart
I want you to be my lady
