

# Human Nature, What If I Said

Well I heard about the someone you've been seeing  
And it's everything you dreamed that it could be  
There's a battle in my head  
And I'm wondering just how to say things right  
I've been a friend so long  
This feeling can't be wrong  
It's the truth I tried to hide  
What if I said I loved you  
What if that's all that I could say  
What if I said I'd hold you  
I'd give you all you needed  
Would you love me then or let me walk away

If only you could tell what I've been thinking  
And know the questions heavy on my mind  
Can a friend become a lover?  
Can a man who kept the honest truth inside  
Be too late for you?  
'Cause I know this much is true  
You're needed in my life

What if I said I loved you  
What if that's all that I could say  
What if I said I'd hold you  
I'd give you all you needed  
Would you love me then or let me walk away

(walk away)  
Tell me I was wrong to try and  
(If you stay)  
Tell me you've been holding on and  
Just tell me that your wait is over

What if I said I loved you baby  
What if that's all that I could say  
What if I said I'd hold you  
Baby I'd give you all you needed  
Would you love me then or let me walk away

What if I said I'd...  
What if I said that I love you  
What if that's all that I could say  
What if I said I loved you baby  
What if I said I'd hold you  
What if I said that I love you  
I'd give you all you needed  
Would you love me then or let me walk away

It's all that I  
All that I can say
