

Hundred Inch Shadow, the purpose in life

think again, your life is not a race
don't listen that you've
got to be like anybody else
and marry someone, build a house
earn money all the time
working all your boring life
showing "what is mine";

search for your purpose in life
and live for that
passion will rise, money only helps us try
search for your purpose in life
and live for that
save your precious time
don't let tradition rule your life

think again, your life is not a race
don't listen that you've
got to be like anybody else
face the world with open eyes
live like you want to live
do the things that you have planned
don't follow them blindly

face the world with open eyes
do the things that you have planned
think, your life is not a race
you don't have to live like anybody else
