

# Huntingtons, 80's Girl

I want a girl with a new wave hairdo  
2 belts and don't go through those loops  
Leg warmers and a gallon of hairspray  
Dancing round with hula hoops  
A girl that's not afraid to be cheesy  
A girl that's not afraid to smile  
Appreciates a really good pop song  
Even if it's really been a while

She's got to listen to O.M.D.  
To attract my simple mind  
And if she looks pretty in pink  
Then everything will be just fine

Cause I want, I want an 80's girl

Whatever happened to Molly Ringwald?  
She was my favorite brat pack girl  
But then I saw her in a dead end movie  
And it totally flushed my world  
John Hughes needs to write another story  
Cause I haven't quite grown up yet  
Need some advice from Mr. Bender  
I'm not the only one I bet

She's got to listen to O.M.D.  
To attract my simple mind  
And when Breakfast Club is on TV  
She'll quote it line for line
