

Huntingtons, Everything Is Fine With You

I don't wanna write a sweet song
I don't wanna sing about you
I don't wanna jinx what we got
And you know that I don't doubt you
Want the same thing from me
Even if you won't admit it
I don't wanna move across the country
Just to find that I don't fit in

But the funny thing is
That I don't have a clue
What you'd want with me yeah
But I know why I want you

Cause everything, everything
Everything is fine
Everything is fine with you

I don't wanna talk about it
I don't wanna let my tongue go
But I just can't help myself
When it comes to letting you know
I got a soft spot baby
And you know just where to find it
Cause you never get mad
When I play our song and then rewind it
