

Huntingtons, I Really Don't Like It

oh-oh i really don't like it
oh-oh i really don't like it
what you're doin' to me
what you're sayin' to me

have you lost your mind or just your head?
so obvious you didn't mean a word you said

is this something typical
of your altered physical
or am i just denying that i'm wrong?

thoughts of leaving racin' through my mind
i'd brake, but it's not the first, second or third time
