

Hurricanes, Hey Groupie

Gonna tell you what i do
I let you in
Gonna tell you somethin more
If you shut the door
A he he hey
I want to know
You do wanna go?
Livin in my neighbourhood
You know i know whats going on
Hang around along the street
Only be a feet
Lokkin for a handy man
Thats all you can
A he he hey
Stop your game
You go in vain
Take the pills and get the thrills
Dont you know youre out of the will
Call your mama on a phone
Turn you on
Papa livin in a pain
You take the train
A he he hey
Dont you know just what i say
Be a true fan little baby
When you start to live again
