

# Hurts, Beautiful Ones

Pick up your phone  
Put on your coat  
Everyone's lookin up at you  
Push you through crowd  
Into the sound  
Everyone's talking about you  
Don't be afraid  
Honey, one day this will fade  
So put up a smile  
Do it in style  
Make them all desperate to be you

Make them all desperate to be you  
Make them all desperate to be you

Don't think twice  
Give yourself to another night  
Hold on tight  
Hope that you make it out alive  
Oooo  
We are the beautiful ones  
Oooo  
We are the beautiful ones

It's just a phrase  
You're not to blame  
For everyone trying to please you  
But you're too young  
To come undone  
So don't let them try to deceive you  
Don't be ashamed  
Honey, one day this will fade  
So put on your coat  
Give the a show  
Make them all desperate to be here

Make them all desperate to be here  
Make them all desperate to be here

Don't think twice  
Give yourself to another night  
Hold on tight  
Hope that you make it out alive  
Ooooo  
We are the beautiful ones  
Ooooo  
We are the beautiful ones

We are, we are, we are the beautiful ones /8x

Oh baby,  
Don't think twice  
Give yourself to another night  
Hold on tight  
Hope that you make it out alive  
Ooooo  
We are the beautiful ones  
Ooooo  
We are the beautiful ones

Beautiful, so beautiful/7x  
We are the beautiful ones
