

# Hybrid, Choke

Choke

You choke it but you know  
It comes back when you're sleeping  
Cuts you in the dark

Burn

The city is too bright  
I'll stay here with my secrets  
Until it fades to dust

I'll stay here with my secrets

Sink

Into the storm again  
Cold and disconnected  
We've opened every door

Burn

The city is too bright  
I'll stay here with my secrets  
Until it fades to dust

I'll stay here with my secrets
