

# Hybrid, I'm Still Awake

I don't care for much  
Got no time to talk  
I reason all that I came to find  
And it fuels desire

Change the stylus soon  
Before it wears the grooves  
Isn't it just cool 'round here  
Where I can't afford to live?

So careful now  
You don't belong  
Careful now  
Set it straight, you know I don't like to change

You don't have to take the chance  
I've given all that I can and it made me last  
The last thing I need is just to play  
I've taken all that I can just to stay awake  
(2x)

I'm falling  
I'm falling  
I'm falling  
Won't you catch me?  
(2x)

Careful now  
You don't belong  
Careful now  
Set it straight, you know I don't like to change

You don't have to take the chance  
I've given all that I can and it made me last  
The last thing I need is just to play  
I've taken all that I can just to stay awake

I'm still awake  
I'm still awake  
I'm still awake...
