

Hybrid, I'm Still Awake (Acoustic Demo)

I don't care for much.
Got no time to talk.
I reason all that I, came to find,
And it fuels desire.

Don't you tell a soul.
It's better just left unknown.
I'm just standing still.
Got so much time to kill.

Don't have to take the chance.
I've given all that I can and it makes me last.
The last thing I need is just to play.
I've taken all that I can just to stay awake.

Change the stylus soon,
Before it wears the grooves.
Isn't it just, cool 'round here,
Where I can't afford to live?

So careful now,
You don't belong.
Careful now.
Set it straight, you know I don't like to change.

You don't have to take the chance.
I've given all that I can and it made me last.
The last thing I need is just to play.
I've taken all that I can just to stay awake.

I'm falling.
I'm falling.
I'm falling.
Won't you catch me?

I'm falling.
I'm falling.
I'm falling.
Won't you catch me?
Won't you catch me?

You don't have to take the chance.
I've given all that I can and it's made me last.
The last thing that I need is just to play.
I've taken all that I can just to stay awake.

You don't have to take the chance.
I've given all that I can and it's made me last.
The last thing that I need is just to play.
I've taken all that I can just to stay awake.

I'm still awake.
I'm still awake.
I'm still awake.
I'm still awake.
