

Hypo Psycho, Waking Up Is Hard To Do

Never wanted to be feeling so confused
Lazy living born to lose
Is that the reason you're leaving me behind?
I didn't know that I was pushing you away
Day is night and night is day
I cannot drag myself from how it used to be

Getting over, now I'll show her
Gotta open my eyes

CHORUS:

waking up is hard to do
waking up is hard to do
especially when I'm next to you
waking up is hard to do
getting up is all I ever do
cos waking up is hard to do

Could have been a million different things
But life is short I've had my dreams
Can't make anymore excuses waste of time
And now I've got too much space to breathe
And I'm not taking to this easily
I think I'll just wake up another day

Getting over, now I'll show her
Gotta open my eyes

waking up is hard to do
waking up is hard to do
especially when I'm next to you
waking up is hard to do
getting up is all I ever do
cos waking up is hard to do

everyday is like a sunday morning
I cannot get up, been up all night
Blasting Machine Head
Taking on the world with my controls playing Sega
everywhere I look I'm being quartered
And strung out, Oh yeah

Getting over, now I'll show her
Gotta open my eyes

waking up is hard to do
waking up is hard to do
especially when I'm next to you
waking up is hard to do
getting up is all I ever do
cos waking up is hard to do

waking up is hard to do
waking up is hard to do
especially when I'm next to you
waking up is hard to do
getting up is all I ever do
cos waking up is hard to do
